

Little Keswick School, Inc.
“Bringing Students’ Unique Potential to Light”
Residential Counselors, Full and Part time
Immediate openings

Little Keswick School is a small private, therapeutic residential school, serving boys, ages 10-17 years old with learning disabilities and emotional disturbance. Little Keswick School is **unique** from other special-needs schools as it focuses on **treating the whole individual**. The school is located in central Virginia, six miles east of Charlottesville, home of the University of Virginia, and near the Blue Ridge Mountains.

The Residential program offers students a setting to learn and practice interpersonal “life skills.” Counselors are responsible for building therapeutic relationships, planning social skills and leisure activities, and involved in life space counseling. Through the use of every day interactions such as team sports, dorm meetings, off-grounds trips and leisure skills classes, the residential program helps to foster problem-solving skills, positive self-image, empathy toward others and recognition of one’s role in a larger group.

Salaries start at \$29,000 - \$34,000 with Benefits for Full Time

Parents’ Comments:

“The staff at Little Keswick are the most caring and wonderful staff a parent could want. They provided a structured and nurturing environment that led our son to growth and respect.”
